RESOLUTION	REMARKS

The President, Colva civic and Commerce Jonora, Mr. Antonio Rodrigues ; Mr. Majalda Dias & others requesting the panchayat not to grant the occupancy certificate on scheduled date of inspection the applicant remained absent and submitted request for postponement. However the inspection team remained present on site and as the gate to the property was found locked, the inspection could not be carried out. thereafter inspections were re-scheduled on 04/02/2026, 11/02/2026 & 01/04/2026. On all the above dates the applicant remained absent and gate to the property was found to be locked, thereby preventing the panchayat officials from entering the property and conducting the site inspection. The panchayat observes that Mr. Subhrangshu Gupta and others have purposely and intentionally remained absent for the site inspection and have kept the property locked thereby preventing the officials from entering and conducting the inspection. The objections received from Mr. Antonio Rodrigues were also placed before the meeting. The panchayat further notes that the application for grant of occupancy certificate could not be decided within the prescribed period of 30 days under the act due to non-corporation on the part of the applicants including failure to remain present for inspections and failure to grant access to the panchayat officials. It was also observed that the applicants appear to have acted with the intention of taking undue advantage of the deemed provision under Sec 66 (2E) & (4) of GPB Act 1994 by deliberately avoiding inspection. It is further noted that had the inspection been carried out the actual factual position at site could have been ascertained and therefore to avoid disclosure of the same the applicant remained present. The delay in deciding the application is not intentional and is solely attributable to the conduct of the applicants as well as the need to consider objections raised by villagers which necessitated site inspection. After considering all the above facts and circumstances it is hereby unanimously resolved to reject the application dated 15/01/26 for grant of occupancy certificate as the site inspection could not be carried out due to denial of access to the property and non cooperation of the applicants.
